

Dear Parents of SES Athletes,

The Scott County District 2 board policy has been set to ensure that elementary athletes remain focused on their academics as they develop their athletic skill. As such, all 3rd, 4th, and 5th grade students that earn an **(F)** in *any* subject may not attend practice or participate in games during the week of ineligibility.

Ineligibility weeks run from Monday through Saturday, and are reviewed the following Monday for student eligibility. Your child's coach will be notified, the principal will review grades with student(s), and an ineligible letter will be sent home Monday afternoon through the mail.

Your child's grades will be checked again the following Monday and may become eligible again should their grade(s) rise above a **(F)**. This policy is in the Student Discipline Policy received during school registration. You will only be notified if your child *isn't* eligible next week.
